Dear Jenny,
I find your text is really interesting. I want to say a few words about this topic.

Personally I think that e-books are better than paper books. First of all, you don't have to a library in your house. You can download a lot of books on your device. And don't have a lot of dust in your house. Second of all, I think e-book is more comfortable. You can bring it with you on your work space, underground, etc.

In conclusion, I would to say that we all may choose book that's comfortable for each of us.
