Dear my friend. I want to talk about express personal,
that is paper books the best or e-books. I think e-books
the best because you can find all books. But you need fastest

Internet. I ~~was~~ hadn't e-book but I use computer and phone. I have seen the future I have got e-books. I want to talk about paper books. Paper books is ^{the most} comfortable. You don't need Internet. Also, you can find books. As though the digital book revolution might bring with it some sort of mass burning. I have seen the future and I welcome our new e-paper overlords with open arms. Bye my dear friend.
